

The Manchester Township Educational Foundation is a non-profit charitable organization dedicated to improving the quality of the educational experiences for all students in the Manchester Township Public School district.

The MTEF recognizes that maintaining a top-notch public school system is essential to our community and to our future.

We also realize that school districts like ours are finding it increasingly difficult to maintain the quality of education while faced with the challenges of rising enrollments, increased operating costs, unfunded mandates, reduced state funding, and increasing burdens on taxpayers.

The MTEF hopes to help by fostering community support and finding creative funding alternatives to assist in meeting educational needs not completely met through the annual school budget or other resources.

MTEF is an approved 501(c)(3) charitable organization. Tax Exempt #26-0318478.
